business entities and other institutions in the field of veterinary medicine; as well as other tasks assigned to her.

1.7 Classifications

NACE Rev.2

1.8 Frequency of data collection

Data collection is done once a year.

1.9 Frequency of data dissemination

The frequency of the dissemination of data is annual.

1.10 Methodology

The methodology can be found on our site at the following link: <http://monstat.org/userfiles/file/poliprivreda/metodologije/Metodolosko%20uputstvo%20-%20Vet.pdf> In the statistical yearbook there is a short methodology on the basis of which the data are produced, since it is a publication that publishes these data.

1.11 Base period

The base period for creating the index is previous year.

1.12 Unit of measure

Number (of persons, institutes, laboratories, points, and pharmacies).

1.13 Source of data

Source data are necessary for national needs.

1.14 Method of collection data

Reporting method by administrative source.

2. Relevance - data users

2.1 User needs

International users: - Eurostat, - World Bank, - UN organizations, - International Monetary Fund
National users: - Ministries and other public administration bodies, - Local government, and other local government bodies, - Central bank, - Non-governmental organizations, - Students, - Researchers, - Media.

<http://www.monstat.org/userfiles/file/KVALITET/lzviestaj%20o%20zadovoljstvu%20korisnika%20eng.pdf>

3. Accuracy and reliability

3.1 Accuracy - overall

Not relevant.

Non response rate

Not relevant.

3.3.4 Error processing the data

Not relevant.

Imputation rate

Not relevant.

3.5 Data revision

3.5.1 Data revision policy

Statistical Office has adopted the revision policy and it is available on the website <http://www.monstat.org/eng/page.php?id=1411&pageid=1411>

3.5.2 Data revision practice

Not relevant.

3.5.3 Data revision - average size (A6)

Not relevant.

4. Timeliness and punctuality

4.1 Timeliness

The time period between availability of data and publication is 270 days.

Time lag of the first results

Not relevant.

Time lag of the final results

Not relevant.

4.2 Punctuality

Data on veterinary report are published in the Statistical Yearbook on 20 December.

5. Availability and clarity

The Law on Official Statistics and Official Statistical System (Official Gazette of Montenegro No 18/12) stipulates that official statistical producers prepare, update, and publish Statistical Release Calendar. It is published on the website of Statistical Office not later than 20 December for the next year, for all official statistical producers that includes date of releasing statistical data. Any change in date of releasing in the Calendar is published in advance in accordance with the Procedure on Unplanned Revisions.

5.2 Access the data Release Calendar

<https://www.monstat.org/userfiles/file/o%20nama/2018/Annual%20Plan%20of%20official%20statistics%20for%202018.pdf>

5.3 Releases

Not relevant.

5.4 Publication

Statistical Office publishes the following regular publications: 1. Statistical Yearbook, 2. Montenegro in figures, 3. Monthly statistical review. In addition to the above regular ones, Statistical Office publishes also additionally publications. Some of the most important additional publications are as it follows: 1. Women and Men in Montenegro, 2. The most often used statistical data. All publication published by Statistical Office are available at the following link: <http://monstat.org/eng/publikacije.php>

5.5 On-line databas

Not relevant.

5.6 Access to micro data

The Law on Official Statistics and Official Statistical System (Official Gazette of Montenegro No 18/12) regulates rules under which external users can obtain an access to individual data for needs of research. Article 58 defines types of scientific and research organizations that can obtain such data. Providing individual data without identifier is possible only upon a written request of scientific and research institutions, with purpose of performing scientific and research activities as well as international statistical organizations and statistical producers from other countries. Research entity signs the agreement with Statistical Office, and it signs the statement on respecting the confidentiality principle. Official statistical producers keeps a separate records on users and purpose of using the statistical data given to these users.

5.7 Metadata occupancy

Not available.

6. Comparability

6.1 Spatial comparability

Not relevant.

6.2 Time comparability

For this survey there is a time comparability.

Time comparability indicator

Not relevant.
