

RELEASE 108/2023

Release date: 10 August 2023

Preliminary data

Quarterly statistics of transport

Second quarter 2023

Transport of passengers in the second quarter 2023 compared to the same quarter of the previous year records in: railway transport increase by 2.3%, road transport decrease by 2.4%, local road transport increase by 19.0%, and passengers in airports increase by 31.2%.

Transport of goods in the second quarter 2023 compared to the same quarter of the previous year records in: railway transport decrease by 42.1%, road transport increase by 7.1%, total traffic of goods in ports decrease by 27.9%, and goods in airports increase by 39.2%.

Number of transhipped tonnes in ports in the second quarter 2023 compared to the same quarter of the previous year decrease by 31.7%, and handled tonnes decrease by 34.9%.

Total number of traffic accidents¹ in the second quarter 2023 was 1 609 which is 10.7% higher than in the same quarter of the previous year. Number of casualties² in the second quarter 2023 was 853 (out of which there are 837 injured persons), which is 8.0% an increase of in the same quarter of the previous year.

Number of registered road motor vehicles and trailers in the second quarter 2023 is 72 386, which is an increase of 0.9% in comparison with the same quarter of the previous year. Number of the first-time registered road motor vehicles and trailers³ in the second quarter 2023 is 8 203, which is an increase of 23.3% compared to the same quarter of the previous year.

Table 1. Quarterly transport statistics, II quarter 2023

Indicator	II quarter 2022	II quarter 2023
Number of passengers carried by rail, in thousands	218	223
Number of passengers carried in road transport, in thousands	1 438	1 404
Number of passengers at airports, in thousands	507	665
Number of accidents in road traffic	1 454	1 609
Number of registered road motor vehicles and trailers	71 771	72 386

¹ Total number of traffic accidents includes: accidents with killed persons, accidents with injured persons, and accidents with material damage.

² Casualty includes persons injured and persons killed.

³ The first time registered vehicles include: new and used imported vehicles, i.e. vehicles for the first time registered in Montenegro.

Table 2. Transport of passengers and goods by type of transport, II quarter 2023

	IIQ 2022	IIQ 2023	Indices		
			IIQ 2023	IIQ 2023	I-IIQ 2023

Internet traffic in mobile networks, in thous. GB	23 152	34 279	105.7	148.1	154.9

METHODOLOGICAL NOTES

It may happen that the total sum does not match the number of individual data, and that the cumulative data is not always equal to the sum of individual quarterly results due to rounding of numbers.

Data source

The data of transport are collected by regular quarterly surveys.

Data source for rail transport are reporting units with carrying passengers and goods by rail as the main activity (Section H, field 49); road passenger transport reporting units with carrying passengers in road transport as the main activity (Section H, field 49); local road traffic reporting units with carrying passengers in local road (urban) transport as the main activity (Section H, field 49); traffic at airports reporting units that perform service activities in air transport (Section H, field 52); air transport reporting units which operate in air transport (Section H, field 51); for report on arrivals and departures of ships, reporting units are the Port Authority and Administration for Maritime Safety and Port Management; reloading the reporting unit which is engaged cargo handling (ship embark and disembark) main activity (Section H, field 52).

The data source for the postal and telecommunications transport is Agency for Electronic Communications and Postal Service.

The data source for the number of road traffic accidents is Montenegro Police Directorate. Data for the number of road traffic accidents for municipality Tuzi and Zeta presented in scope of Capital city Podgorica, municipality Petnjica in scope of municipality Berane and municipality Gusinje in scope of municipality Plav. The data source for the number of registered road motor vehicles and trailers is Ministry of Interiors of Montenegro.

The survey of transport of goods by road is a sample-based survey. Data are collected by interview method. The observation unit is freight road motor vehicle with payload capacity 3 500 kg and higher, as well as tugs. The data sources are natural and legal persons which are owners or operators of vehicles.

The sample frame for road freight transport survey is records of registered vehicles that are obtained from Ministry Interior of Montenegro.

Definitions

Transport is the movement of passengers and goods and from place of loading to place of unloading.

Passenger is every person with ticket or appropriate document with the aim to travel to desired place.

Passenger kilometre presents the transport of one person over the distance of 1 km.

Goods transported are goods transferred based on the contract on transport. The quantity of goods transported is expressed in gross weight, meaning that the quantity of goods covers also the quantity of packaging or packing material (containers).

Tonne-kilometres indicate transport of one-tone goods over the distance of 1 km.

Airport is certain land or water area (including all buildings, facilities, and equipment) intended for aircraft take-off and landing, as well as for movements of aircrafts on the land area, and open for commercial air transport.

Passengers in direct transit are passengers who, after a short stop, continue their journey by plane the same flight number.

Number of commercial operations including take-off and landing aircraft at the reporting airport realized in order to achieve commercial air services (regular and irregular).

Number of total operations includes all take-off and landing aircraft at the reporting airport (except state flights). Included are all commercial operations (regular, emergency operations and general aviation), as well as all the operations of non-commercial general aviation (business, sailing, private, training, testing, positioning, technical stops, etc.). Do not include state flights (military, customs and police).

Ports are places for loading/embarkation and unloading/disembarkation passengers and goods at the seashore built particularly for this purpose, while docks are similar places on riverbanks and lakefronts.

Transhipped tonnes of cargo related to the total amount of cargo that passes through enterprise for cargo handling, where the same load, regardless of the number of manipulations that it has executed, shown only once.

Fixed telecommunication is services providing to users the access to public fixed network at the fixed location, and the use of public accessible telephone service at the fixed location.

Mobile telecommunication is services providing to users the access to public mobile network, and the use of mobile telecommunication services.

Traffic accident is an event that occurred on the road or the start on the road, which was attended by at least one vehicle in motion and in which one or more persons injured or killed or died within 30 days of the result of the traffic accident or result damage to property.

Registered road motor vehicle and trailer are all vehicles registered in the Ministry of Interiors, except military vehicles.

For the first time registered vehicles include: new and imported vehicles, i.e. vehicles with the first-time registration in Montenegro.

Road transport is any movements of goods and/or passengers using a road vehicle on a given road network

National road transport is transport between two places (a place of loading and a place of unloading) located in the same country in which the vehicle is registered.

International road transport is transport between two places (a place of loading and a place of unloading) in two different countries. It may involve transit through one or more additional country or countries.

Cross-trade road transport implies international transport of goods performed by domestic operators with the place of loading and unloading being located in a foreign country.

Transport for hire or reward is the carriage for remuneration, of persons or goods, on behalf of third parties.

Transport on own account is transport which is not for hire or reward.

Goods road motor vehicle is any single road motor vehicle designed to carry goods (lorry), or any coupled combination of road vehicles designed to carry goods, (i.e. lorry with trailer(s), or road tractor with semitrailer and with or without trailer).

Road tractor is road motor vehicle designed, exclusively or primarily, to haul other road vehicles which are not power-driven.

The data are published in line with the Statistical Release Calendar.

When using data please name the source: „Data source: Statistical Office of Montenegro“
