RELEASE 70-2/2023

Building permits and notification of building work

The first quarter 2023

In the first quarter of 2023, in Montenegro were issued 93 building permits and notification of building work. Of the total number of building permits issued and notification of building work, 58 building permits refer to natural persons, while 35 building permits were issued for legal persons. If we look at the number of dwellings and their floor area, according to issued permits for notification of building work, in the first quarter of 2023, number of dwellings provided for construction was 502 with floor area of 34 140 m².

Table 2. Dwellings in buildings for which building permits and permits for notification of building work, by types of constructions, I quarter 2023

Residential buildings	Number of dwellings	Floor area in m²	
Total	502	34 140	
With one dwelling	32	5 960	
With two dwellings	8	970	
With three and more dwellings	406	23 979	
Addition (extension)	56	3 231	

METHODOLOGICAL NOTES

The presented data covered the number of building permits, as well as number and floor area of dwellings in building for whom the building permits and notification of building work are issued. The source of data is Ministry of Ecology, Spatial Planning and Urbanism.

The investor is a person for whose needs a construction is built, i.e. a person who finance the construction and on whose name the building permit is issued. Investor may be legal or natural person.

Building is a structure that has a roof and external walls, whether they are independent or shared walls in cases where one building leans to the other, with one or more entrance, and it was built like an independent usable units and purposes of the for housing.

Dwelling is any connected unity in construction permits, intended for dwelling, consisted of one or more rooms with appropriate additional premises (kitchen, bathroom, lobby, pantry, toilet, and similar), or without additional rooms, and it can have one or more separate entrances.

Floor area is useful floor area measured inside the dwelling walls.

Data are published according to the <u>Statistical Release</u> Calendar.

According to the Revision policy of the Statistical Office, the final data shall be published on the date defined by the Statistical Release Calendar.

When using the data, state:
"Data source: Statistical Office - MONSTAT"

More data, as well as detailed methodological notes can be found in the section: <u>Building permits and</u> notification of building permits
