Subject: Population Census in Montenegro

Ref.: Your letter “01-053/23-676/1” dated 20 February 2023

Dear Mr Pejović,

Thank you very much for keeping us informed.

As with the other censuses in the region, Eurostat would not be undertaking any peer assessments. In line with this, we do not envisage a mission to Montenegro to discuss the census preparations.

However, we would welcome the opportunity to learn more about these preparations. In this sense, a discussion at technical level would be most appropriate. Colleagues from Eurostat will get in touch with you to set up such a meeting.

Please allow me to use this opportunity to wish you good preparations and a successful implementation of the census in November.

Yours sincerely,

(eSigned)
Mariana Kotzeva
