THE FOURTH SESSION

The session was held on 30 May 2024.

After the defined quorum for holding a regular session of the Council of Statistical System, there was anonymously adopted the minutes from the previous session, together with the proposed agenda.

In line with the first item of agenda "Draft Law on Amendments to the Law of Official Statistics and Official Statistical System", information was provided by Ms Branka Susic Radovanovic, Assistant Director, Sector for Macroeconomic Statistics, National Accounts, and Prices.

Ms. Susic made an overview of previous work of the working group that worked on producing draft Law on Amendments to the Law on Official Statistics and Official Statistical System, which was presented to the members of the Council of Statistical System. The voting followed it and a positive opinion to this document was received.

On the occasion of second item of agenda "Activities of the Census of Population, Households, and Dwellings", information was provided the director of Statistical Office, Mr. Miroslav Pejovic and provided to the members of the Council the following pieces of information:

- Pursuant to the strategic document of the Statistical Office, there will be successively released the final data of the Census of Population, Households, and Dwellings in the second half of 2024;
- Data entering was completed, and processing, control, coding of data by activities, occupation, type of school, etc. are currently done;
- Tender for software was released on 17 May and completed on 31 May 2024;
- The Commission for Monitoring the Establishment of Software for Checking Data Collected During the Process of Population Census has a task regarding to the implementation of additional tender for the selection of European company which will work on the audit of code, after which the software can be functional.
