METHODOLOGICAL NOTES

The aim of the survey is to measure the dynamics of turnover in service activities. The dynamics of turnover is shown through index numbers.

The turnover covers a monetary value of performed, rendered services on the market in the reporting quarter. The value added tax is excluded from the turnover.

The survey is based on an administrative data source (Revenue and Customs Administration of Montenegro). Pursuant to the cooperation agreement concluded in Podgorica in September 2010 between the Statistics Directorate and the Revenue and Customs Administration, provides turnover data on the basis of VAT returns in electronic form.

The coverage is based on the EU Regulation No 1165/98 for short-term statistics (Annex D) and on its amendments. The survey is fully in line with the concepts and definitions from the mentioned Regulation. Total turnover in service activities includes turnover from the list of activities provided in Table 2, and it covers all companies in Montenegro that have reported VAT registration to the Revenue and Customs Administration.
