

Dear user,

In the Excel table of the statistical release Average Earnings (Wages) for December 2025 (No 8, dated 30 January 2026), a technical error was identified in the Excel file, the sheet Semi-annual Data. The error relates to a permutation of column values and indices, while the actual data values themselves have not been changed.

Accordingly, the Excel table has been updated, and we kindly ask you to use the revised version.

For easier reference, the corrected columns have been highlighted in bold and marked with an asterisk.

We apologize for any inconvenience caused by this error.

Thank you for your understanding.
