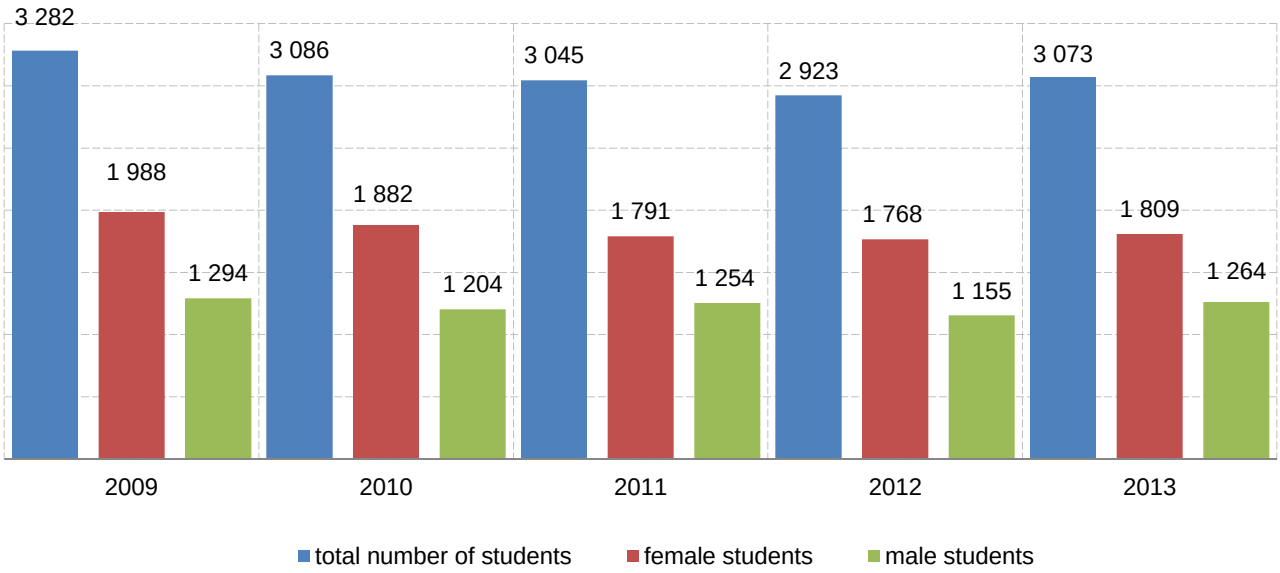
Graduates – basic studies year 2013

In 2013 there were 3 073 graduates at Montenegro Higher Education Institutions, on basic studies, showing a increase of 5.1% compared to the previous year. Of the total number of graduates at basic studies, 58.9% were women, and 41.1% men.

The majority of students graduated at public higher education institutions 74.1%, and private higher education institutions, 25.9% of students.

Number of graduate students in public institutions of higher education increased by 3.1% and private higher education institutions by 11.5% compared to the previous year.

Graduates - basic studies year 2009 - 2013



METHODOLOCAL NOTES

The data in this release are a result of regular annual statistical survey.

Statistical activity includes all higher education institutions, both public and private. The data on graduates at basic studies refer to calendar year.

The study programmes are divided in study years and semesters. The study year is organised in two semesters: winter and summer. First year of studies can be enrolled by the candidates with appropriate secondary education. The status of student can be either budget financed or self-financed.

Pursuant to the Law on Higher Education, there are three levels of higher education: undergraduate studies (basic studies), postgraduate studies, and doctoral studies.

Basic studies can be academic or applied. On the academic degree programs last at least three school years, while undergraduate studies at the applied degree programs to graduate applied basic studies last three school years.
