## METHODICAL EXPLANATIONS

The data on primary education in this release refer to the end of school year 2018/2019, and they are results of statistical processing of the Ministry of Education database (Ministry of Education Information System – MEIS).

The statistical survey covered all secondary schools and resource centres that work in accordance with the programme of Ministry of Education.

**School year** is a period within which the regular classes are given and other types of educational work. School in the education statistics is a group of pupils organised in one school unit, with one or more teachers giving classes of certain type by defined programme of instruction, regardless the school is independent, regional department or department in other type of school. School is also considered a territorially separate unit in the composition of primary school.
