<sup>1</sup> Starting of implementation of the Law on Spatial Planning and Construction of Buildings ("Official Gazette of Montenegro" No. 064/17 dated 6 October 2017) since January 2018, construction permits were stopped as a solution and the construction facility is being built using documents and statements of auditors. Building permits continue to be issued for complex engineering facilities. The data from the I quarter of 2018 relate to the notification of building work and construction permits in accordance with the new legal framework.

By the adoption of the new Law on Spatial Planning and Construction of Buildings, the competence of building permits, respectively the notification of building work, has completely passed to the competence of the Ministry of Sustainable Development and Tourism.
