

## INVESTICIJE

### Izvori i metodi prikupljanja podataka

Podaci o ostvarenim i isplaćenim investicijama pravnih lica prikupljaju se godišnjim izvještajem o investicijama u osnovna sredstva (INV – 01) od preduzeća i drugih organizacija u zemlji ako su neposredni investitori. Investicije privatnog sektora bez pravnih lica (investicije fizičkih lica) prikupljaju se na bazi posebnog uputstva Zavoda za statistiku a korišćenjem raspoloživih podataka iz postojećih statističkih istraživanja.

### Obuhvatnost

Godišnjim izvještajima o investicijama u osnovna sredstva (obrazac INV-01) u tekućim cijenama obuhvaćena su preduzeća, organizacije i zajednice (ustanove), ukoliko su neposredni investitori, bez obzira da li su u redovnom ili probnom radu, izgradnji ili likvidaciji. Kriterijum za obuhvat preduzeća i organizacija je broj radnika (od pet i više).

Podaci su grupisani po djelatnostima i teritoriji: a) prema pretežnoj djelatnosti i sjedištu izvještajne jedinice investitora tzv. organizacioni princip i b) po namjeni i lokaciji investicija tzv. princip čistih djelatnosti. Ostvarene investicije privatnog sektora bez pravnih osoba (fizičkih osoba) rezultat su procjene Zavoda za statistiku i obuhvataju ulaganja u stambenu gradnju građana i individualnu poljoprivredu..

### Definicije

*Investicijama u osnovna sredstva* se smatraju nabavke ostvarene od strane preduzeća i drugih organizacija i zajednica u cilju dobijanja novih, povećanja vrijednosti ili zamjene postojećih osnovnih sredstava i stambenih zgrada. Nabavljena investiciona dobra mogu biti nova ili već korišćena, kupljena ili dobijena bez naknade od drugih u zemlji i inostranstvu, ili proizvedena u sopstvenoj režiji. Obuhvataju se pri tom sve vrste ulaganja u nove kapacitete, kao i za proširenja, dogradnju, rekonstrukciju i modernizaciju postojećih ili zamjenu zastarjelih, istrošenih ili slučajnom štetom uništenih kapaciteta. Investicijama se ne obuhvataju sredstva utrošena za investiciono i redovno održavanje postojećih objekata.

*Isplata za investicije* smatraju se novčana ulaganja u toku godine u kojoj su isplate stvarno izvršene, bez obzira na moment njihove izgradnje ili nabavke.

*Ostvarene investicije* u toku izvještajne godine predstavljaju vrijednost efektivno izvršene izgradnje, izrade ili nabavke objekata, opreme i ostalog, bez obzira da li su završene i da li je njihova isplata izvršena (bez revalorizacije ostvarenih investicija).

Podaci o ostvarenim investicijama u nova osnovna sredstva odnosi se na onaj dio osnovnih sredstava koji je nabavljen neposredno od izvođača građevinskih radova, proizvođača opreme ili proizveden u sopstvenoj režiji, odnosno osnovna sredstva koja još nijesu bila predmet kupoprodaje između neposrednih korisnika tih dobara. Ovdje se uključuje i polovna oprema nabavljena u inostranstvu budući da direktno utiče na porast društvenog bogastva zemlje. U nabavku novih osnovnih sredstava razvrstane su i investicije u značajnija poboljšanja postojećih sredstava kao i investicija u značajnija poboljšanja zemljišta. Takođe se uključuju i investicije u rekonstrukcije modernizacije, dogradnju i proširenje za preuzređenje ili proširenje postojećih objekata, oprema i uređaja, u cilju proširenja obima, boljeg prilagođavanja potrebama tržišta, tehničko-tehnološkim rješenjima ili usluga.

*U investicije za građevinske objekte* uključuju se i vrijednost opreme koja je ugrađena u građevinske objekte (liftovi, uređaji za grijanja i sl. i projekti za njih).

*Investicije u opremu* obuhvataju i troškove montaže, prevoza, carine i osiguranja.

*Investicije u ostalo* prikazuju se ulaganja u osnovno stado, pošumljavanje, rudarska istraživanja, softvere, licence i dr.

## INVESTMENTS

### Sources and methods of data collection

The data on realized and paid investments of legal entities are collected through annual survey on investments into fixed capital (questionnaires INV-01) of all enterprises and other organizations in Montenegro which are direct investors. The data on investments of private sector without legal persons (investments of physical persons) are collected according to special instructions of Statistical Office of Montenegro on the basis of available data from other statistical surveys.

### Coverage

All enterprises, organizations and associations (institutions) have been covered by the annual survey on investments in fixed capital (questionnaire INV-01) at current prices, if they are direct investors, and whether they are in regular or probation work, under construction or liquidation process. Number of workers is a criteria for the coverage of enterprises and organizations.

Data are sorted by activities and territory: a) by principle activity and investor's headquarters, (so-called organizational principle"), and b) by investment purpose and location, (the "principle of pure activities"). The actual investments of private sector without legal persons (natural persons) are the result of MONSTAT estimations, and they include investments in housing construction and individual agricultural business.

### Definitions

*Investments into fixed capital* are purchases made by enterprises and other organizations and associations in order to obtain new assets, increase the value of existing assets or replace them. Acquired investment goods can be new or already used, purchased or received with no compensation from others in country and abroad, or self-produced. All investments into new facilities are included, as well as investments for capacity extensions, re-building and modernization of existing facilities or replacement of old ones, ruined or destroyed by accident. Investments do not cover investment expenditures and regular maintenance of existing infrastructure.

*Payments for investments* are investments in cash during a reference year in which payments were actually made regardless the time of construction or purchase.

*Realized investment* during the reference year is the value of actual construction, building or procurement of facilities, equipment etc., regardless of whether they are completed or not and payment made (without revaluation of realized investment).

The data on realized investments in new fixed assets refer to the fixed assets directly purchased from the builder contractor, producers of equipment or to those produced on their own, that is the assets that were not bought or sold earlier. Here, we also include the used equipment purchased abroad since it has a direct impact to the growth of national wealth. Both, the investments in significant improvements of existing fixed assets and investments in significant improvements of land area are also considered as the purchase of new fixed assets. Moreover, investments in reconstructions, modernization, adding on or enlargement of existing facilities, equipment and machines for the purpose of further development, better adjustments to the market needs, technical-technological solutions or services.

*Investments in buildings* include also the value of the integral equipment mounted or built in (elevators, heating systems and similar as well as associated project)

*Investments in equipments* include also the costs of their mounting, transport, customs duties and insurance.

*Other investments* include investments in the principle herd, afforestation, mining explorations, software, licences etc.
