## METHODOLOGICAL NOTES

Survey on nautical tourism is performed aimed at collecting information on turnover of foreign yachts and other vessels intended for entertainment, sport or recreation within internal sea waters of Montenegro. The survey also provides the data on foreigners entering our country on yachts and other vessels for entertainment, sport or recreation. Reporting units are seaports responsible for issuing the permit for entering the internal sea waters of Montenegro. The data collection is done by reporting method (TU-17 form).

Motor yacht is a vessel equipped with an engine intended for entertainment, sport or recreation and having, according to the common maritime usage, a cabin with at least two beds, a toilet and cooking facilities.

Sailboat is a vessel intended for entertainment, sport or recreation whose main power is wind and it is equipped with a cabin with at least two beds, a toilet and a cooking facility.

Other vessels are boats (made of wood, plastic, rubber and the like) 3 or more meters long or less than 3 meters long if they are equipped with an engine. Included are also motorboats if they do not meet requirements for yachts.
